

## **Safety Message from Country Gardens Charter School**

We will be practicing a lock down drill within the next two weeks. This drill will not be announced so that we can review our lockdown protocols and help ensure that students and staff act accordingly in case of a real emergency. Although the date and time will not be announced, we will communicate to parents/guardians after the drill has been completed with a note home to indicate the day and time of the lock down drill.

During a lock down drill no one may enter or leave the school campus.

We continue to analyze our security procedures to ensure our campus remains safe for students and staff. The safety of our students and staff is a top priority.
